

1 A/B Centers: Place **B** square in upper left corner of **A** square, right sides together. Sew on diagonal and fold back **B** to corner. Trim. Repeat for other corners. Make 3 Centers.
A/C Centers: Repeat above steps. Make 3 Centers.

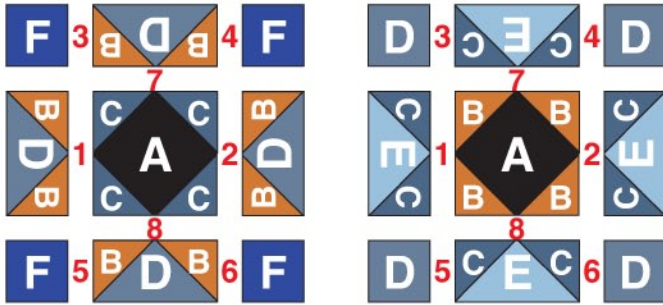

2 B/D Units: Place a **B** square on left side of a **D** rectangle, right sides together. Sew on the diagonal and fold back. Trim. Repeat procedure for the right side, right sides together, and fold back. Make 12 **B/D** Units.

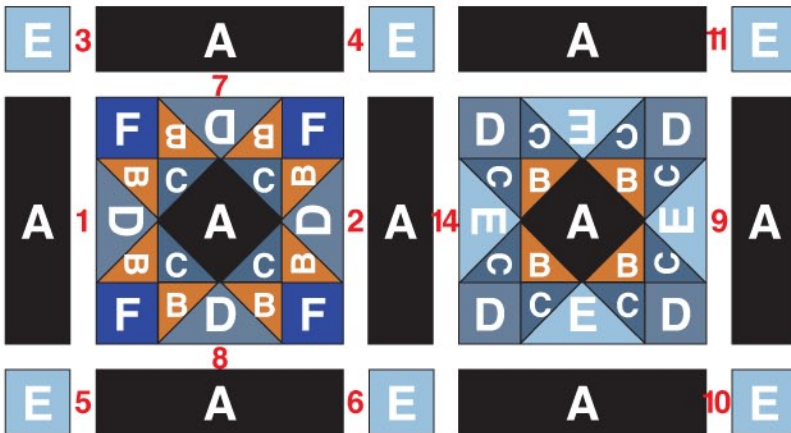

C/E Units: Repeat above steps, using **C** squares and **E** rectangles. Make 12 **C/E** Units.

3 Following the *Sewing Sequence Number Order* as illustrated below, sew **B/D** units to sides, then the **B/D/F** units to the top and bottom of **A/B** and **A/C** Centers. Make 3 units each.

4 ROW 1: Following the *Sewing Sequence Number Order* as illustrated below, sew the sides, then the top and bottom **A/E** units to the respective Centers of Step 3 above. Then sew both assemblies together (14.)

4 ROW 2: Following the same *Sewing Sequence* method as previous step, sew together Row 2 noting that there are no top **A/E** units. Also note that the **A** Center units are switched. Sew ROW 2 to ROW 1. See diagram at right for block placement.

5 ROW 3: Following the same *Sewing Sequence* method as Step 1, sew together, noting that there are no top **A/E** units. Note that the **A** Center units are in the order of ROW 1. Sew ROW 3 to ROW 2. See diagram.
