

4. BORDER: Sew (1) K 2 1/2" x 58 1/2" to left and (1) to right side of Quilt Center. Then sew (1) K 2 1/2" x 50 1/2" to top and (1) to bottom of Quilt Center.

5. MITERED BORDER: Watching the placement, attach the D stripe borders. Begin and end at the 1/4" seam allowance at each corner, and leave an 8" miter 'tail' extending. Place a corner to miter on your ironing board, with the border that is lying horizontal extending to the right, and the one that is vertical on top of it and extending up. Fold the top extending border diagonally under and position so it is exactly on top of the one extending to the right. Press with an iron.

6. Use a pin or two to hold the mitered corner in place. From the underside, stitch in the pressed crease. Trim the excess from the seam to 1/4". Press these seams open. Repeat for each of the corners to be mitered.

FINISHING: Cut batting and backing 3" larger than top on all sides. Layer backing, batting and top together and baste or pin. When quilting is completed, trim excess batting and backing. Bind with K fabric.
